Head Teacher : Mrs K Fox

If your child is absent please inform
the school at the earliest opportunity.

Dear parents,

It has been a short but busy week and the children have returned from the long weekend ready to learn.

Over the last week, you should have received home via call parents email, a curriculum overview for your child's year group. Please take the time to read through this leaflet as it provides information about the aspects of learning that your child will be covering this year.

This week, we have welcomed Mrs Smit to the school into our lead teaching assistant role. I am sure that many of you will get to meet her over the course of the year.

Have a lovely weekend.

Kim Fox

(Headteacher)

Values education

Values education is an approach that uses moral values to create a positive learning environment. Each new value is introduced in assembly and then visited in learning sessions across the week. The language of values is embedded in the day to day life in the school and pupils are encouraged to demonstrate these values through their behaviour choices.

How can you help?

Each week, we will publish the current value in the newsletter along with some quotes or reflection activities. Please discuss these with your children and the meaning of the value and how the children can incorporate these into their everyday lives.

*Our current value is the value of: **Integrity***
